

SEQUOYAH STATE PARK LODGE

Ethos fully renovated the exterior and interior of Sequoyah State Lodge to restore the site to its original mid-century modern design. Amenities such as Wi-Fi, keyless entries, and a media room were added, while the entry vestibule was reconfigured and updated to ADA compliance. By ensuring each area contains essential updates and adding contemporary details to the design, Ethos transformed the 104-guest-room lodge back to its original mid-century charm, enhancing this desirable getaway destination
