

GLENPOOL HIGH SCHOOL PRESS BOX

This 2,755 SF, two-story press box at Glenpool High School enhances the stadium experience for athletics programs, media, and spectators. The new structure includes dedicated spaces for coaches, press, radio, and television broadcasting, along with the addition of an elevator to improve accessibility and circulation within the facility.

Ethos provided architectural and interior design services, along with construction and as-built coordination, to deliver a compact yet highly functional facility that supports game-day operations and media coverage. The press box strengthens the overall stadium environment while providing long-term flexibility and improved accessibility for Glenpool's athletics programs.
