

GLENPOOL UPPER ELEMENTARY GYMNASIUM

This 9,440 SF addition to Glenpool Upper Elementary School provides a new gymnasium designed as a tornado safe room, supporting both daily physical education and emergency shelter needs. The facility enhances the existing campus by creating a dedicated space for student activities while providing a secure environment for occupants during severe weather events.

Ethos provided architectural and interior design services, along with construction and as-built coordination, to deliver a durable, high-performance facility tailored to the needs of an elementary school environment. The addition strengthens campus functionality while reinforcing Glenpool Public Schools' commitment to student safety and long-term resiliency.
